Dear Parents / Students of Lite Regal Education and Lite Regal International School

I would like to thank all parents and students for their cooperation and continuous support in dealing with the COVID-19 pandemic together.

Following my last letter on 2nd April 2020, I would like to congratulate all students and teachers on the successful completion of our A Level & GCSE Easter Revision courses, which was conducted online and remotely. Many of our students who took this Easter Revision were abroad and gave us excellent feedback on the usefulness of attending this.

We are continuing to monitor guidelines from UK Government and WHO to ensure the safety of all our students and staff. Our programmes and courses are currently running continuing to run online under the guidance of the UK Government. We accept there are many challenges to be faced in this and thank all students for their patience in any issues and problems faced.

All our Internships - the most popular being Medical Internships - are currently still postponed until further notice following the instructions of our UK doctors / clinics / companies who are in charge of these Internships. We anticipate the Internships including the Medical Internship will be up and running in the early Summer and by June and will update all parents and students concerned.

Whilst we are still expecting all summer courses to run as normal, we are constantly monitoring the UK Government guidelines and will post updates to all those concerned accordingly.

Since our last report on 2nd April 2020 the situation in UK has improved greatly and whilst we have a long way to go, we continue to make progress. The crisis of the COVID -19 situation seems to be easy off. I understand there is much uncertainty for all of us however please be assured that our staff is continuing to do our best and working tirelessly to ensure the best outcome for all our students.

Whilst all summer programmes and Internships and any upcoming year round programmes are still on course to run and we hope the situation will allow this, we understand if you would like to postpone your course for later date in Summer 2020 or even till next year 2021 at this stage. In view of this and despite our Terms & Conditions we have allowed all students to delay and postpone their course either for a later Summer Course date in 2020 or till next year 2021 with no administration charges or postponement fees or deductions of any kind incurred. Please inform us of your intentions by email.

I once again would like to thank all of you for your patience, support and for understanding the situation to find solutions to this global challenge.

I wish you and your families all the best and will continue keep you updated with further news as needed.

Stay Safe.

Yours sincerely,

Mr Milan Lebloch
Principal Bsc(Hons), MSc (Lond)
